Dive with Odyssey Adventures to see the ghost fleet of Truk Lagoon, the world's best shipwreck destination. That's only the beginning of your adventure. You'll see an abundance of incredible tropical fish, anemones, gorgonians, and eagle rays. You'll have the option to dive at your leisure, or borrow one of our experienced local dive guides who will show you all those places you wouldn't find on your own. On a normal itinerary all sites can be dived within the recreational dive limits. Please refer to our "Commonly Visited Wreck and Reef Sites" for depth ranges.

Diving in Truk Lagoon is an adventure you will never forget. WWII wrecks are scattered across 77 square miles. The wrecks are covered with life. There are over 300 varieties of hard and soft corals. On the outer reef you'll find mountains of coral that stretch as far as the eye can see, and drops off into the abyss. Here it is not unusual to see pelagic sharks.
